## Family Members

Over 70% of our patients bring in their family members to get adjusted. If you would like to have your children, spouse or significant other checked for subluxations, please check the box below. They can each receive a complimentary examination including computerized surface EMG and X-rays (if necessary) if scheduled within two weeks of you starting care. This exam is no cost to you and does not obligate them to receive future care. We have several convenient and affordable family plan payment options should family members decide to receive care. ***I would like my family members checked for subluxations in the next two weeks.***

**Protecting Your Confidential Health Information Is Important To Us**

This notice describes how health information about you may be used and disclosed at **Shaygan Chiropractic, Inc.** and how you can get access to this information. Please review it carefully.

**Our Promise!**

Dear Patient:

This is not meant to alarm you! Quite the opposite! It is our desire to communicate to you that we are taking the new Federal (HIPPA- Health Insurance Portability and Accountability Act) laws written to protect the confidentiality of your health information seriously. We do not ever want you to delay treatment because you are afraid your personal health history might be unnecessarily made available to others outside of our office.

**So what has changed?**

**Why a privacy policy now?**

**Very good questions!**

The most significant variable that has motivated the Federal government to legally enforce the importance of the privacy of health information is the rapid evolution of computer technology and its use in healthcare. The government has appropriately sought to standardize and protect the privacy of the electronic exchange of your health information. This has challenged us to review not only how your health information is used within our computers but also with the Internet, phone, faxes, copy machines, and charts. We believe this has been an important exercise for us because it has disciplined us to put in writing the policies and procedures we use to ensure the protection of your health information everywhere it is used.

We want you to know about these policies and procedures which we developed to make sure your health information will not be shared with anyone who does not require it. Our office is subject to State and Federal law regarding the confidentiality of your health information and in keeping with these laws, we want you to understand our procedures and your rights as our valued patient.

We will use and communicate your HEALTH INFORMATION only for the purpose of providing your treatment, obtaining payment and conducting health care operations. Your health information will not be used for other purposes unless we have asked for and been voluntarily given your written permission.

-----  
**Patient Acknowledgement**

Thank you very much for taking time to review how we are carefully using your PROTECTED HEALTH INFORMATION. If you have any questions we want to hear from you. If not we would appreciate very much your acknowledging your receipt of our Notice of Privacy Practices by signing and returning this form. We look forward to seeing you again soon!

I ACKNOWLEDGE THAT I HAVE RECEIVED A COPY OF THE NOTICE OF PRIVACY PRACTICES FOR SHAYGAN CHIROPRACTIC, INC. WITH AN EFFECTIVE DATE OF APRIL 14, 2003.
